

PP STRAPPING BAND

PP strapping band is made from polypropylene resin and colored with pigment additives. Heating the resin through moulding and then stretching into the hot & cold water alternately and embossed on surface.

PP strapping band is the best solution for packing a wide range of applications, it is used in many different sectors of industry, such as wood furniture, electrical appliances, cardboard boxes, fabrics, newspaper or magazines, etc.

Virtually, PP strapping band contends with weather, corrosion and impaction. Polypropylene is a synthetic material that compound of carbon and water, it is easy to dispose and harmless when recycle, friendly to the environment.

FEATURES

- High technique to produce tensile strength and bonding
- Reduce packing cost and increase company image
- Suitable for all types of semi-auto, fully-auto machines and manually with tools
- Able to print logo or word on the band as advertisement
- Completed band width: 9, 12, 15, 19 mm

SPECIFICATION

FULLY-AUTO

Width (mm)	Thickness (mm)	Strength (kg)	Elongation (%)	Colour
9 ± 0.5	0.65 ± 0.05	60	15	Red, Yellow, Blue, Green, Black, White, Transparent, etc.
12 ± 0.5	0.65 ± 0.05	130	15	
15 ± 0.5	0.65 ± 0.05	145	15	

SEMI-AUTO

Width (mm)	Thickness (mm)	Strength (kg)	Elongation (%)	Colour
9 ± 0.5	0.80 ± 0.05	90	15	Mix, Red, Yellow, Blue, Green, Black, White, etc.
12 ± 0.5	0.80 ± 0.05	120	15	
15 ± 0.5	0.80 ± 0.05	120	15	

MANUAL

Width (mm)	Thickness (mm)	Weight (kg)	Colour
15	1.3 / 1.7	0.8 / 4 / 5	Mix

* Band width, thickness and colour can be customized as customer needs
